www.linkedin.com/in/shalini-singh-74b1a6240

Experienced MERN Stack Developer with a track record of crafting innovative and responsive websites within the Fintech industry and IT industry. Around 2 years of hands-on expertise in HTML5, CSS3, JavaScript, React JS, NodeJS, MongoDB, and other modern frameworks. Enthusiastic about creating user-centric designs, I also bring proficiency in Figma and Canvas, ensuring a dynamic and seamless web development experience.

EXPERIENCE

DeoTech Solutions Pvt. Ltd. — *ReactJS Developer(Freelance)*

Nov 2023 - Jan 2024

- Led the development of the company's main website. Integrated multiple technologies, including Reactjs for the user interface, Vite for fast web development, and Node.js with ExpressJS for server-side logic, ensuring a robust and scalable web application.

Paydeer Services Pvt. Ltd, Jaipur — *Web Developer*

July 2022 - Oct 2023

- Design, develop, and maintain user interface components using HTML, CSS, Bootstrap, and ReactJS.
- Develop reusable components and front-end libraries for future use. Optimize components for maximum performance across a vast array of web-capable devices and browsers.
- Utilize Redux for state management. Develop application components using ES6/7, HTML5, and CSS3 Implement unit tests.
- Implemented React.js for dynamic frontend development, enhancing user interfaces with MUI and Vite in a MERN stack environment.
- Utilized configuration JSON files to efficiently manage and display data, showcasing a deep understanding of data-driven development and configuration-driven architecture.
